

Balaharisankar L

Student

Objective

Highly motivated individual with experience in building web applications. Seeking to join a dynamic team where I can utilize my skills to help drive the success of the organization.

Experience

Web development Intern

1 month

Oasis Infobyte

Through out the internship, I did some small tasks given by the organization using html ,css and javascript.

ReactJs Intern

1 month

Sync Intern's

This internship helps me to practice reactjs by doing some real time projects and give me opportunity to learn new technologies like firebase and nodejs.I completed four projects using reactjs through out the internship.
